

## LED High bay light: HBD-200W

### Product Description

LED High bay light:HBD-100W Using 1060 aluminum, thermal conductivity, corrosion resistance; owns unique and attractive design, whose heat sink structure perform excellently due to large area and therefore ensure the LED a long life span. high brightness Philips3030 LEDs, with MW high quality exterior driver. This high bay light is applicable for plant with high roof, workshop, warehouse, exhibition hall, gymnasium, bus /railway station, airport, shopping mall, outdoor buildings, etc. Various easy installations for option. good heat sink, brilliant quality, more than 40,000 hours life span.

### Technical Parameter

Nominal wattage	200W
LED Chips	Philips 3030(266pcs)
Input Voltage	AC90-305V 50/60Hz
Color temperature	2700-6500k
Luminous flux	130-160lm/w
Color rendering index	Ra>80
Beam angle	90°
Product color	Black face
Body Material	High strength die-casting alloy/PC lens
Type of protection	Ip65
Protection class	III
Operation temperature	-20℃-50℃
Dim	1-10V Dim

Unit:mm

## LED High bay light: HBD-200W

### Product features

- High brightness, low light decline
- Owns unique and attractive design
- Heat sink structure perform excellently due to large area
- Various easy installations for option
- Professional optical design for free option
- Guarantee a long life span of over 40,000 hours

### Installation and Application

- Bracket installation
- Ring suspension installation
- Adjustable surface mounted installation
- Widely used in factories, workshops, warehouses, highway toll stations, gas stations, supermarkets, exhibition hills,

### Packing Details
